Instructions

1. Download **DieSchulApp** from the Apple AppStore or Google PlayStore.
2. Open the App und follow the instructions.
3. Write the **6-digit Code** in this box:

4. Undersign the form and submit it in the school.

I have read the user agreement and privacy policy of the Sophie-Scholl-Schule Ludwigsburg for the use of DieSchulApp and agree to the terms of use contained therein.

I am aware that DieSchulApp basically allows the receipt of a so-called "push message". This service can be activated or deactivated at any time by each user individually and is not mandatory for retrieving new information. With the optional activation of this service, I agree in particular that "Google" or "Apple" services may be used to transmit this push message and that these servers may also be located outside the legal jurisdiction of Germany or other member states of the European Union or other states that are parties to the Agreement on the European Economic Area or institutions and bodies of the European Communities.

I confirm that I have entered the 6-digit code from my personal device or struck out the field.

I am aware that I can revoke this declaration of consent at any time without adverse consequences by contacting the school management. I am also aware that the operator reserves the right to refuse or withdraw activations at any time and without giving reasons.
